44

WEEK 1   WEEK 2   WEEK 3   WEEK 4   WEEK 5

This is a good overview course covering the specifics of the WELL standard and certification process. It gives a high level, but quite comprehensive, coverage of the standard detailing all 7 concepts and their associated features, as well as a walk-through of the certification process from beginning to end.

GBRI WELL AP Exam Prep Scholarship Winner

Muskaan Kapoor
WELL AP

"I must say the course offered by GBRI has been brilliantly structured. It helped me tremendously in acing the WELL AP exam on my very first attempt with a score of 192/200. Both the audio and video lessons helped improve my understanding of every concept, accompanied by plenty of mock tests which resonates with the fact that a good online course must involve plenty of practice.
The study materials and tools made me feel very confident when I sat for the exam. I strongly recommend this course to everyone planning to take this exam!!"

Domain 11: WELL Certification & WELL Portfolio

A. WELL Certification

Knowledge of:

1. The registration process for WELL Certification.
2. Eligibility criteria, timelines, and processes for certification and performance verification.
3. Roles and responsibilities of project team members, a WELL AP, a WELL project administrator, owners, and the WELL coaching support team.
4. WELL Building Standard v2 scoring levels and point thresholds.
5. Alternative adherence paths (AAP) and equivalencies.
6. Precertification and recertification process.
7. Synergies and/or tradeoffs between building measures and features.
8. Available pathways for award of innovation.

Skill in:

1. Managing the documentation process including submissions using the WELL digital platform.
2. Coordinating the certification process with project stakeholders.
3. Managing post-certification requirements.
4. Recommending curative actions in response to non-passing performance verification results.
5. Assessing project compliance with WELL features' applicability and scoring thresholds.

55

B. WELL Portfolio

Knowledge of:

1. WELL Portfolio scope and eligibility requirements.
2. WELL Portfolio scales of documentation and review process.
3. Factors that influence the WELL Portfolio score.
